# ACTIVATE YOUR CEILING

Rockfon® develops intelligent ceiling and wall solutions which actively address a number of important issues in modern buildings and renovation projects.

Rockfon products are known for their design, aesthetics and ease of installation, coupled with the key performance features of superior fire resistance and acoustics.

This ensures that our acoustic solutions are among the highest performing, most cost effective and time efficient in today's interiors market.

This comprehensive portfolio from Rockfon enables our customers to actively add value to the construction process, by ultimately creating superior interior environments.

That is why we say "ACTIVATE YOUR CEILING".
